"The best education you'll get is traveling. Nothing teaches you more than exploring the world and accumulating experiences."

Cecilians visit to Aeroplanet, Dwarka

Students of Class I and II experienced a safe and adventurous experience that balanced challenging exploration with fun on educational excursions to Aeroplanet Dwarka along with their teachers on 24.02.2023.

The students were greeted by the team of aeroplanet officials at the gate and a squeal of excitement shot through the group. Students were thrilled to see exhibits of Airbus, cockpit, helicopter, ambulance, fighter plane etc. On reaching the camp site, the students were divided into various groups and escorted by the teachers and team leaders for a secure and safe experience. The students were thrilled to sit in the airbus A 300 as they were shown real life functioning of the aircraft in a live demo.

The students participated in secure and guided activities such as witnessing the cockpit, cargo compartment as well as understanding flight disorders in case of emergency. The students were high on task as they actively participated in rope climbing, trampoline jumping, zip line, tunnel crawling and much more. The students had a blast as they joyously laughed through the magic show. Delicious treat was served to the students after the activities. The students showcased their dancing talent on foot tapping numbers. All students along with the staff members enjoyed the day as it was a fruitful experience for them as learning was incorporated with fun and excitement.

The students also thanked Madam principal with love and affection as they returned safely to school campus with glee and happiness.
