

ST. CECILIA'S PUBLIC SCHOOL
COMMERCE CLUB ACTIVITY
BULLETIN BOARD DECORATION COMPETITION
CLASSES INVOLVED: IX -XII (ALL SECTIONS)

“Classroom bulletin boards are not just for the purpose of beautifying the classroom, they can be used to stimulate creative thinking among students as well as to capture students work and ideas”.

Recently India is declared the fifth largest economy of the world in terms of GDP. India is climbing this ladder at an accelerated pace and is heading towards becoming third largest economy in terms of GDP by the financial year 2028.

In order to celebrate this landmark achievement of our country Commerce Club of St. Cecilia's Public School organised a 'Bulletin Board decoration Competition' and an Art Integrated Learning activity in the month of October 2023 for students of classes IX to XII. Each class was assigned with a different topic for bulletin board presentation like 'Role of science and technology in development of Indian economy', 'Problem of poverty and ways for eradication of poverty', 'Sustainable development', 'How to make balanced investment portfolio', 'Career options in commerce after class XII', 'Evolution of Money', 'Public distribution system' etc.

Students participated enthusiastically in this activity. Beautiful bulletin boards, loaded with creative expression and carrying relevant facts and information, were prepared by them. Judgement was made on 18th October 2023.

The 'Bulletin board decoration activity' received lots of appreciation from Madam Coordinator and judges. The best presentations were awarded with prizes.
