

St. Cecilia's Public School
Scientia Club Activity
Event: Science Quiz
Date: 15 Nov 2025
Organised by: Science Club
Participants: Students of Grades VI,VII ,VIII

The Scientia Club of our school successfully organized a science quiz titled "Brainy Bowl" for students of Grades 6, 7, and 8. The event was aimed to encourage scientific thinking, improve problem-solving skills, and promote healthy academic competition among students.

The Multiple Choice Questions were designed according to the students' grade level and tested their understanding, reasoning ability, and presence of mind covering various topics in science. The event proved to be both educational and enjoyable. The students were encouraged to continue exploring the world of science.

The event was successful in achieving its purpose.
