

**St Cecilia's Public School**  
**CECILIANs of Class XI Science Stream**  
**attended INSPIRE INTERNSHIP PROGRAMME 2024**  
**Innovation in Science Pursuits for Inspired Research – An Initiative of Department**  
**of Science and Technology, Govt. of India**

A team of 6 students of Class XI Science stream scoring above 90% aggregate marks in Class X Board Examination visited the INSPIRE INTERNSHIP PROGRAMME 2024 from 8<sup>th</sup> July to 12<sup>th</sup> July 2024 held at Miranda House, University of Delhi under the able guidance and supervision of the Science Department Teachers of our school. The INSPIRE internship is open annually for about students of top 1% performers in Class X Board examinations pursuing Science at +2 level that is class XI and XII. The event is under aegis of Ministry of Science and Technology, Govt. of India.

The students were exposed to interactive Hands on sessions, Expert led demonstrations, Keynote lectures by eminent scientists, Science Show by National Science Centre and much more. The teams of students individually also participated in on the spot events such as Poster presentations, quiz, creative writing challenge, etc. Sherel Rajput won the Second position amongst in Essay Writing Completion as she expressed her scientific acumen in prize worthy vocabulary. Madam Principal accolade the talented Cecilian for her worthy accomplishment. Diversified thought provoking themes such as related to Science and its varied facets were made aware to the students.

The five day educational visit empowered the students with an innovative vision to capture the world of Science to develop progressive approaches. The students had many new ideas to share with their teachers and school mates. The teachers and accompanying students expressed gratitude to school management and Madam Principal for this once in a lifetime opportunity.
