As part of this campaign all the students actively participated in ensuring that their surroundings in school, around school, at home, and in community at large are clean. Students actively engrossed themselves in cleaning of their classroom desks, windows, walls to enshrine the true principle of 'Cleanliness is next to Godliness'. Students are the active face of today and the future. Through the committed hands of the children, beautiful, clean future of our country is ensured. Swachchta Pakhwada included diverse activities including awareness on personal hygiene and sanitation, steps to enhance cleanliness in our body and in our environment, reflection over methods of garbage disposal and waste management exercises.

Madam Principal, Madam Co-ordinators and all the subject teachers actively supported the students in this collective endeavor and the whole environment resonated with positive constructive energy to bring the vision of Clean India come to a reality.
