

# St. Cecilia's Public School Christmas Celebration (Junior wing)

The Christmas festival was celebrated virtually in pre primary wing for the whole December month to bring in positivity and happiness among everyone. The celebration included activities like biblical stories, craft work and dress code for celebration day. All the children of Nursery and Prep classes were dressed up in Red and white color code and look adorable. They were all happy and excited to make candy stick, snowman, 3D bell, Santa Claus Face, 3D candle, stocking and Christmas and New Year card. They were ready with the material and enjoyed the activities and made the craft works beautifully. The message from Respected Principal Ma'am was played in all the classes giving away the best wishes for the festival. They enjoyed the movie time watching the Birth of Lord Jesus and learnt the teachings to help and love every fellowman. The beautiful Christmas corners decorated by the children with all the craft items added all the happiness in the children. They wished their teachers and their friends Merry Christmas and enjoyed this festive season to the fullest. The Parents gave full support in making this celebration as happy as possible. They were completely involved in the celebration.
