

St. Cecilia's Public School

Decorate the Board

“Creativity unleashes itself when the mind is free and passionate”

The Editorial Club of St. Cecilia's Public School organized a creative 'Decorate the Board' competition for the students of classes IX and X in the month of July.

Four students from each section of IX and X participated as a team and exhibited their creative skills while decorating the class board on 'English language'.

Interestingly, there was a wide spectrum of ideas and concepts that was witnessed on the class boards. Book shelves, spell Bee, common grammatical errors, famous poets and poetic devices and English in the globalized world are some of the topics and ideas which were displayed by the students nicely.
