

St. Cecilia's Public School
Class – Nur-Prep
Earth Day Celebration
17th to 21st April 2023

World Earth Day is celebrated each year in our school to spread awareness about conserving earth with a beautiful message - "Our continuing efforts in our everyday lives will make this beautiful planet thrive." Earth Day is symbolic of the need to protect our environment for our future generations. Students were encouraged to plant one sapling each.

Earth Day was celebrated through educational and action-oriented activities that were a learning experience for all. Children of Nur & Prep came dressed up in green and white dress symbolizing nature and purity. On the occasion of Earth Day, teachers showed videos to remind the students of their duties towards 'Mother Nature'. 'Go Green' drive was initiated. Students participated in Germination Activity with Headmistress Ma'am and Gardener. They also indulged themselves in craft activity representing Mother Earth, with blue and green colours symbolizing land and water. Our tiny tots enthusiastically participated in dance performance. Poster making activity and craft activity Best out of waste (Disposable glasses) were conducted. Importance of 3 R's – Reduce, Reuse and Recycle was taught to them and we all took pledge to save our Mother Earth.
