

**St. Cecilia's Public School**  
**Earth Day**  
**Class Assembly**  
**Class IX D**

The students of Class IX-D presented a vibrant assembly on the topic of Earth Day, aimed at raising awareness about environmental issues and promoting sustainable practices among students. The assembly sought to inspire action and instil a sense of responsibility towards the planet through highlighting the importance of conservation, recycling, and reducing our carbon footprint.

The assembly commenced with an inspiring poem and a speech where students shared their insights on the current state of the environment and emphasized the importance of collective efforts to combat climate change and protect biodiversity.

A group of students presented a skit highlighting the consequences of deforestation and the significance of reforestation efforts in combating climate change. They also spoke about initiatives focused on environmental conservation which ranged from community clean-up drives to innovative solutions for reducing plastic waste.

The assembly concluded with Principal Ma'am closing remarks on the importance of sensitizing the children about the importance of conserving natural resources and motivate them to contribute towards protecting their environment. Overall, the class assembly was a powerful reminder of our responsibility to protect the environment. It was an inspiring and educational event that encouraged everyone to take meaningful steps towards sustainability.
