Earth Day Celebration
Primary Wing**

EARTH DAY is celebrated around the world on April 22, every year. Earth Day is a proof that even one person can make a global impact in a positive way.

Array of creative events were organized with a view to sensitize the children about the conservation of planet Earth. Our environmental conservationists from the Primary wing contributed by doing various activities to create maximum awareness and impact.

Students from class I and II celebrated the Earth Day by having a Fancy Dress Competition on the topic 'Save Earth'.

The competition was held in the school premises. Students were dressed up as Earth and use various props that helped them to deliver their content. Students spoke about importance of the Blue Planet and raised slogans to generate awareness.

Students from class II enjoyed the celebration through a colouring activity, where they were given a printout of a hand, which they coloured and took the pledge about ways to conserve our planet.

Students of class III, IV and V had Poster making competition and the theme was – Earth Day – Save Water/ Electricity/ Trees/ Mother Earth/ no pollution/ global warming. The activity was organized for class III students on 21.4.23, while students of class IV and V had the competition on 15.4.23.

Students made the poster on A-4 sheet in the school premises and the posters touched major issues like 'Going Green' and 'reduction of garbage'.

The students participated in this activity with great zeal and enthusiasm showcasing their artistic and creative skills. The best entries were awarded with the certificates.
