

**St. Cecilia's Public School  
Assembly on Earth Day  
Class V B  
22.4.2022**

“Every day is a Earth Day” Students of V B depicted this topic beautifully. This is the need of the hour that this topic is to be discussed everyday with students. Students of V B chose the topic to be presented in the Assembly. They recited Poems, thoughts and they also displayed Flash cards. Students came dressed up in blue and white clothes. They also showed the awareness on the topic and the importance of conservation of Earth as a resource.

The assembly concluded on a very positive note of conservation of our MOTHER EARTH and its RESOURCES.
