

St. Cecilia's Public School
Enrichment Classes
(Middle Wing)

Enrichment online sessions were taken up from 23 May'22 to 3 June'22 by the middle wing of the school. Classes were taken up by different subject teachers for enhancing the skills of the students and their basic concepts were cleared by activity based learning methods. This helped the learners to keep them actively engaged during the vacation. For the smooth functioning of the same, timetable as well as the meeting links for the conduction of the classes were posted on official WhatsApp group.

Most of the students were very excited to be a part of these classes. Activities and demonstrations were conducted by the students and teachers alike. Many videos reinforcing the topics were presented in the class. Teachers prepared ppts to clarify the concepts.

HINDI

Crossword puzzles, word formations, format of letter and worksheets helped the learner to enjoy and grasp the topic. Children participated enthusiastically in the activities.

MATHEMATICS

Mental maths – Reasoning and Aptitude worksheets increased the interest of the students in the subject. Google form was shared to check the understanding of the learners. They enjoyed the activities in the class.

SCIENCE

Paper weaving activity helped the learners to know about the types of fibres. Quiz was also conducted in the class in which students participated whole heartedly.

SOCIAL SCIENCE

Map based activities were conducted in the classes. Google form Quiz for 'State and capital' along with location was of great help for the learners. This enhanced their knowledge.

ART

Wall hanging and decorative art material enhanced the creative skills of the learners. We really thank Madam Principal for taking this initiative. These fun filled creative activities created interest among the students in the respective subjects.
