“What is life but a grand adventure – Enthralling excursion to Lohagarh Farms”

Going on a school excursion means more than simply learning the school premises, it means spending time with fellow mates and learning to bond in a new environment. While the purpose is essentially to edify, such excursions serve a dual purpose of nurturing young minds and strengthening friendships.

Keeping this basic ethos in mind and to promote relaxation among students, an enthralling adventurous trip was organized on 31st October 2023 for more than 450 students of classes IX to XII, to experience the simplicity of life at Lohagarh Farms, Gurugram. It was a day full of fun activities wherein students had no targets and competition in mind. Students were delighted to explore the rustic life. All were welcomed in a traditional way. Sumptuous breakfast and lunch were provided to all at the picnic. Students experienced a charming retreat as they discovered the vibrant culture of Indian village life. Some of the key attractions were sports activities, Rope climbing, bridge crossing, pottery, camel ride, bullock ride, tractor ride, team building activities, tug of war, Mehendi art and much more. All the activities were carried out under expert supervision of trained instructors using all safety measures, for the students it was a wonderful start for festive season.

The trip was indeed a memorable one that inspired the students to keep alive the memories of our old legacy of simple living and high thinking. Every one expressed joyous gratitude to Madam Principal for the rejuvenating fun filled trip.
