

Best friends make good times better & stick around through the thick's & thins of life.

To celebrate the essence of friendship and spreading love all around, the Cecilians celebrated Friendship Day (on 30th July 2021). All the toddlers celebrated the day by making Friendship bands for their friends and their mummies & daddies, grandparents & siblings. They danced and sang in enjoyment, dressed up beautifully for the occasion and even ate their favorite food.

The students were also told to tie the special Friendship Bands on the hands of their friends on 01.08.2021 and click photographs to capture the special memory with their friends.
