

St. Cecilia's Public School
Ganesh Chaturthi Celebration 2020 (Middle Wing)
Vakratunda Mahakaya Suryakoti Samaprabha
Nirvighnam Kurume Deva Sarva kaaryeshu Sarvada"

Activities add zest and zing to the humdrum of school life; give children an opportunity to release their hidden potential; promote their self esteem and confidence; giving them the much needed 'feel good' aspect to their lives. Bearing in mind all these inevitable truths, the middle wing planned a week which was really a roller coaster ride, balancing focused studies with heart racing performances going full throttle, on the auspicious occasion of Ganesh Chaturthi. Through the activities planned, the students savoured the manifold nuances of life with the after taste of achievement and fulfilment.

With the objective that art and craft nurtures the creativity and aesthetic sensibilities of students and aims to provide them with necessary skills for working with different mediums, a host of activities were planned by the teachers under the guidance of respected co-ordinator mam, for the children. These activities went on in full swing and amid much enthusiasm.

We marked the beginning of the day with the virtual assembly, seeking the blessings of Lord Ganesha, by signing various hymns and performing various dances in his worship. Coordinator mam congratulated as well as encouraged the students for their spectacular performances. This was followed by a small powerpoint presentation on the teachings of Lord Ganesha.

Various activities were performed by the students like:

1. Class VI- the students designed beautiful masks of Lord Ganesha, wore them with much excitement and got themselves clicked to make the day memorable in every way.
2. Class VII- depicted Lord Ganesha in modern era through beautiful visual representations.
3. Class VIII- students created Lord Ganesha's images using fruits and vegetables which gave them an opportunity to identify their potential in various spheres.

Madam Principal congratulated the teachers and students for organising and participating in various activities for stimulating and refreshing experience during these pandemic times.
