

St. Cecilia's Public School
Geekoz IT Club
Senior Wing (Classes IX-XII)

Geekoz IT-Club conducts various competitions for developing IT skills in school students and acquaint them with the emerging trends in the field of technology.

As the Students are settling down in their new classes they need some activities to refresh them from the routine work and enhance constructive learning in the field of computers.

Students classes 9th and 10th participated in web designing competition. They used HTML tags to make linked webpages on a variety of topics such a

1. Educational Institute-courses offered, Eligibility and procedure for selection.
2. Environmental hazards and solution.
3. Yoga for good health: Pranayam
4. Places to visit Andman & Nicobar Islands and related details.

Students classes 11th and 12th participated in powerpoint presentation competition, The presented their presentations with full enthusiasm and confidence. The topics were:

1. Importance/ Role of Millets for good health.
2. Being safe on Social networking sites.
3. New Education Policy – Salient features.
4. Career option after class XII.

The winners were awarded certificates and medals. School principal Ms. Inderpreet Kaur encouraged the students in all competitions and motivated them to perform better.
