Geekoz IT-Club

Activities conducted in the Autumn Fest Competitions

Geekoz IT-Club conducts activities regularly for developing curiosity and enlightening students about advancements in the field of technology. In the festive spirit during the autumn season activities were conducted both online and offline to give the chance to every individual to show their skills.

Students of the primary wing, classes 3rd to 5th participated in Diwali festivities right from card and rangoli making to understanding the need for celebrating cracker free safe Diwali with the use of MS-Paint and MS-Word software.

Students of the middle wing, classes 6th to 8th participated in festivities by making E-cards for birthdays, Diwali, Gurupurab and gratitude cards to develop the feeling of gratitude in them alongwith making them aware about the rich cultural heritage of our country. They used various e-card making apps for the same.

Students of the senior wing, classes 9th to 12th participated in digital poster making activity with great enthusiasm. They used creative ideas and various online software to make posters on a variety of topics such as

- Victory of good over evil from epic Ramayana
- Langar: Depicting equality in society.
- Hazardous E-waste disposal: need of the hour
- Importance of Discipline in a student's life.

The winners were selected after a preliminary and final round for all the competitions and awarded certificates. School principal Ms. Inderpreet Kaur encouraged the students in all the competitions by her benign presence in her busy schedule.
