Lemonade Party (3rd and 4th May 2023)**

To introduce sweet and sour taste to the tiny tots and also to show the process of making this healthy drink instantly, a 'Lemonade Party' was organized for the students of Nursery & Prep. The children were demonstrated how to prepare "Lemonade" by stirring sugar in the water and then squeezing lemon into it. To enhance the taste, salt and black pepper were also added into it. Later on, this instant and healthy lime water was relished by all the children. Toddlers enjoyed this learning. The Idea behind this activity was to make the little ones understand the importance of drinking lemonade in summers rather than other beverages. New words like squeeze, stir, pour, serve, brim level of glass, thank you to server was taught. The students were happy to have a second serving too.
