Magic Show

Classes : I-III

Magic is a performing art that entertains the audience through its seemingly impossible tricks, illusions and well practiced moves. Since time immemorial, magic has been a source of curiosity and fascination for children.

The resource person showed his impressive skills and the students were swayed by his magical tricks. Children were much amazed by the chanting magic words used by the magician frequently. He performed many tricks starting from changing a stick to a bunch of flowers and a balloon to colourful paper flowers. His tricks and illusion made the children and teachers watch him in rapt attention and excitement. He welcomed Madam Principal in a distinctive style which kept everybody astounded. He lit a fire in a box and closed it.

After a few seconds he opened it just to show a colourful bright satin ribbon flowing out of it. The tricks of the magician left the children mesmerized.
