

ST. CECILIA'S PUBLIC SCHOOL
QUIZ CLUB 2023-24
SENIOR WING
MAP ACTIVITY 1

*“To put a city in a book, to put the world on one sheet of paper,
Maps are the most condensed humanized spaces of all.”*

Map presents information about a country or world in a simple visual way. They teach by showing sizes and shapes of states in a country, location, distance between places.

Maps support spatial thinking by helping children visualize where objects, places, cities and countries are in relation.

Keeping the above importance in mind, as well as a part of the Social Science curriculum, map activity was conducted for class IX & X students on 25th April, 2023. Students had to identify the States and the Union Territories in the political map of India. It was 100% participation. It inspired the students to expand their horizon beyond the textbook.
