Mind-map Activity

Class XI

08.09.2022 and 09.09.2022

“Story telling is about connecting to other people and helping people to see what you see.”

It is rightly said that stories are a way to express yourself in front of the world. The Editorial Club of St. Cecilia's Public School organized a mind-map activity for Class XI students on 08.09.2022 and 09.09.2022. Students were given the liberty to choose any one chapter/poem of their choice from the English textbooks and create a mind-map in the form of a flow chart to showcase their understanding/perception of the text. Students were enthusiastic to present the chapter of their choice in an innovative manner. They included categories such as themes, character sketches, important incidents, poetic devices, etc. It was a portrayal of their critical analysis and unique perspective on the literary texts already discussed in the classes. They learnt new things by looking at each other's mind-map and upgraded their comprehension and knowledge.
