

St. Cecilia's Public School Nursery & Prep Activities April-2023

Activity-based learning plays an important role in teaching the students to collaborate, communicate, interact and work in teams. Learners who are a part of the social environment contribute to the knowledge construction by sharing as well as identifying the affordances within the tasks at hand. Students of Prep Class equally shared their enthusiasm about Phonetic drill, Number counts, Pre number concepts and Swars in Hindi.

Nursery class learnt shapes, colours, pattern practice, floor walk, Pandora box, magical colours, and pin wheel activity, Myself Activity etc...
