

**St. Cecilia's Public School**  
**REPORT ON ONLINE AWARENESS CAMPAIGN**

**FOR PREVENTION AND CONTROL OF VECTOR BORNE DISEASES**  
**FOR CLASSES I TO XII**

In Compliance with Circular no. DE.23(386)/ Sch. Br. /SHP/2025/110-118 issued by the Government of National Capital Territory Delhi, Directorate of Education : School Branch(Health) , Old Secretariat : Delhi regarding prevention and control of Vector Borne Diseases( Dengue, Chikungunya and Malaria) , Eco Club of St. Cecilia's Public School, organised an online awareness campaign in the month of August, to contribute in the aforesaid initiative of the Department of Education.

The circular emphasized that Vector Borne diseases like Dengue, Chikungunya and Malaria has a substantial death toll in the Delhi region. The mosquito generated diseases and can gain epidemic proportions and in order to prevent that students can play an instrumental role in spreading awareness amongst diverse strata of the society.

Students of St. Cecilia's Public School emerged as eco warriors in full support of the cause and prepared digital informational material to spread the strong message of preventing mosquito borne diseases through small but significant individual steps. The Digital material prepared was supplemented with audio and video recordings, wherein the members of Eco Club explained in an informative yet interesting way as to what is the significant role of the common man in this direction. Students realized that their educative step is instrumental in saving people from ill health due to the menace of vector borne diseases.

Madam Principal, Madam Coordinators, teachers and all the staff members came out in full support of students in their strong initiative in contributing towards healthy environmental conditions leading to healthy lives.
