

St. Cecilia's Public School
Geekoz IT Club
Powerpoint Presentation Competition
Classes XI-XII

Geekoz IT Club of St. Cecilia's Public School organized Presentation Competition on 20.5.2024. Students of classes XI and XII made impressive presentations and presented them confidently in front of the audience. The Topics of the presentation were Health hazards due to excessive use of mobiles by young people, Elections: Responsibility of a young voter and Disaster Management: Bomb scare in a school.

The objective of the competition was to enhance the presentation skills of students. The competition helped the students to think about some important issues of present day. Presentations showed that the present-day youth are literate, enlightened and politically conscious.

Madam Principal appreciated and encouraged the students. Judges announced the winners and also discussed the strong points and shortcomings in the presentation. It was a learning experience for the students as well as teachers.
