# St. Cecilia's Public School
Republic Day Celebration 2022
Primary Wing

India, the largest democracy of the world, got independence on 15th August 1947. That's why on 15th of August every year, we celebrate our Independence Day. However, India became a Republic on 26th of January 1950 as on this day the Constitution of India came into force. In Delhi, the Celebration takes place at India Gate. But this year it is not the same due to COVID-19.

To commemorate the 73rd Republic Day our school had a virtual celebration of the same. The function began with a prayer by our melodious music teacher.Then Madam Principal unfurled the National Flag which was followed by National Anthem and addressed the students and teachers with her insightful and inspiring speech.

The students exhibited their talent. The event comprised of many things ranging from express yourself, patriotic songs, role play, dances and poems, power point presentations, art activities like making of tricolour badge, bird, national flag, national symbols or any other decorative item etc. Some of them were dressed up as freedom fighters and spoke about them. Some sang patriotic songs, while some played on instruments like keyboard, harmonium etc. A quiz on India was conducted in the class and the students responded enthusiastically.

The Eco-Club had organized an activity wherein the students had to design a poster expressing a strong motivational message for our countrymen as we celebrate our 73rd Republic Day using eco-friendly materials available at home.

It was really marvellous to see children dressed in tricolour or any one of them. It seems each of them was infused with the feeling of patriotism. The teachers also briefed up about why we are not celebrating Republic Day as we usually do at the national level and urged the students to watch the Republic Day parade on the 26th January on the television.

The students participated with zeal and enthusiasm which was really heart- warming. They promised to watch the parade. It was lovely to see them to be proud of India and be an Indian. A lovely learning experience for all.

Jai Hind!!!
