Social Science
TOPIC- RIVERS OF INDIA
28 August, 2023

Objective:-

- ◆ To locate major Himalayan and Peninsular river system on map of India.
- ◆ Role of rivers in facilitating irrigation, supporting ecosystems and supplying water for agriculture, industries, and human consumption.

Activity:-

Students marked the origination, flow of the rivers through various states of India, their tributaries and drainage of rivers like Ganga, Indus, Brahmaputra, Krishna, Kaveri, Godavari and Mahanadi. They inquired about contribution of a river towards economic development of a country.

Outcome:-

Students were enthusiastic about the activity and they enjoyed it. They learnt how to locate and identify a river. They came to know about both the river system and the crucial role it plays in providing water resources to a vast region.
