

## St. Cecilia's Public School

### Riya Singh (Class XII) selected at NATIONAL LEVEL in school Innovation Contest (Ministry of Education)

**Riya Singh**

Rightly said, “ Walk in with an idea, walk –out with a product. Student Innovation Programme by Ministry of Education is a platform through which one gets to work on an innovative project. Prodigy Riya Singh of class XII 2023-24 made the alma mater proud at her remarkable achievement. Combined efforts of the mentors (Science Department) and Riya made her a finalist in the nation wide school Innovation Council Contest announced by the Ministry of Education’s Innovation Cell, Government of India. Her innovative idea on ‘prullet Resistance Light Weight Body Armour for the Defence and Security Systems’ serves as an example of innovative excellence.

The ingenious idea evolved as one of the 300+ selected ideas out of 2.5 lakh submissions, showcasing a true testament to its peculiarity and potential. The design was crafted with precision wherein Riya exhibited her project to the potential investors. Riya’s concept secured a coveted spot among the leading ideas nationwide pledging the funding support for further progress.

Riya Singh’s journey under the able guidance of school mentors, from fabrication to nationwide recognition demonstrates the spirit of innovation and hard work instilled in Cecilians. Madam Principal praised the noteworthy accomplishment of Riya and said that she will serve as an inspiration for future cecilian students. We also thank Ministry of Education’s innovation cell for such a platform to celebrate and nurture young talent.
