

**St. Cecilia's Public School**  
**STAND UP COMEDY ACTIVITY ON DIFFERENT ENVIRONMENTAL ISSUES**  
**ORGANISED BY 'ECO CLUB'**  
**SENIOR WING**  
**CLASSES IX-XII**

Eco Club of St. Cecilia's Public School, Vikaspuri, organised 'Stand Up Comedy Activity' For Classes IXth to XIIth on 24.05.2023 in the school premises, on diverse environmental issues.

The Activity hall premises boomed with the essentials of laughter and giggles, happiness and smiling sunshines. The students crafted their acts with expertise, moulding entertainment with content, laughter with sensitivity. Upholding the principles of commitment towards the Mother Earth firmly, children drafted their words beautifully in such a way that through a light hearted medium of humorous words, the audience was led towards reflecting on pertinent issues of environmental significance namely Pollution, Global Warming, Deforestation, alarming health concerns and many more. Children explored their literary and intellectual potential and enthusiastically participated on this new platform provided to them.

Madam Principal, Madam Coordinator and all the teachers came out in full support of the students,, who were at their creative best and explored the diverse literary , scientific, environmental and intellectual domains to spread the message of saving Mother Earth and standing up as Eco warriors for eliminating the diverse environmental problems with commitment and sincerity.
