

St. Cecilia's Public School

Workshop on Good Touch, Bad touch and Safe Touch

Junior Wing

*Childhood should be carefree, playing in the sun;
not living a nightmare in the darkness of the soul.*

As a strong step towards making our children safe, St. Cecilia's Public School conducted an online workshop to teach young toddlers of Class Prep and Nursery about 'Good touch, Bad touch and Safe Touch' through the online platform of Google Meet on March 16, 2022.

The session commenced with the enlightening message of Madam Principal, who apprised the students to deal with the unfair and tough situations with great courage, vigour and presence of mind. Madam motivated the students to be informed and prepared to face the situation head on by using the life skills and report the matter immediately to their parents and teachers. It was followed by the informative words of Headmistress- Ms. BhavnaVij.

School counsellor, Ms. PritikaChugh, interacted with the young children to report any abuse, apprehension or fear that they may come across in their life. Madam put forth some situations and asked the students to grade it. Further, wonderful videos were screened to explain the safe and unsafe touch and various tips to protect from such situations which our young Cecilian's watched and listened with rapt attention. At the end a query session was conducted, wherein the students shared their queries and experiences.

Indeed, with this session, children will now be able to recognize and protect themselves against such dangers from an early age.
