

**St. Cecilia's Public School**  
**Scientia Club Activity**  
**Month : August 2022**

**Activity – To understand the power consumption by air conditioners and the meaning of their star rating**

The above activity was conducted by Kinshuk Dhawan, Jasdeep Singh and Manmohan Singh of class XII-A under the supervision of President of Scientia club Dhruv Aggarwal of XII-A & Science Teachers.

The motive of the activity was to enhance scientific temperament among students.

A power point presentation was shown in the classes IX-XII. With its help, the club students explained the power consumption as per rating provided in air conditioners which people/ students can't co-relate easily.

Students enjoyed and applauded the interactive presentation.
