2021-22

Teachers' Day Celebrations

"Wherever you find something extraordinary, you'll find the fingerprints of a great teacher." –Arne Duncan

A day dedicated to teachers

Teacher's Day is celebrated in India every year on 5th September to appreciate the role played by teachers in the life of students—the leaders of tomorrow. The day is also celebrated to pay tribute to Dr. Sarvepalli Radhakrishnan, former President of the country and a visionary educator. Teachers provide the power of knowledge and education and create possibilities for better future.

Amidst the pandemic, St Cecilia's Public School, celebrated this day with great enthusiasm through the digital platform of G Suite with the students and staff. The whole event was meticulously implemented under the able guidance and mentorship of Madam Principal.

The online programme for teachers was graced with the benign presence of Madam Manager and Madam Principal. The event was conducted at 1pm where in the programme commenced with a group prayer song in the mesmerizing voice of teachers followed by a melodious refreshing song. The cultural programme unfolded with PowerPoint presentations by teachers, speech recitals and poetry recitations by mentors on the importance of the day.

Madam Manager in her address stated that events which give a platform for the teachers to display their innate talents need to be encouraged. She appreciated the efforts put in by the teachers but at the same time exhorted the teachers to gear up to face the changing demands of the audio-visual learners.

Madam Principal in her address urged the teachers to add value to their pedagogy through experimental learning. Madam Principal spoke on the inherent qualities pre requisite to be a successful teacher. All teachers felt motivated as they were titled as the unsung heroes of the COVID 19 pandemic.

The entire programme was applauded by everyone present and will always remain a beautiful memory in the hearts of one and all present. The Cecilian family stood resolute to let their spirits high and optimistic even during the uncertainty of COVID 19 pandemic.
