2024-25

Orientation Programme for Class IX Parents

“A parent is a teacher at home and a teacher is a parent in school while the child is the centre of our universe.”

At the onset of the current session, under the able mentorship of our esteemed Madam Principal, an Orientation Programme was organized on 20th April 2024 for the parents of Class IX 2024-25 batch at St Cecilia's Public School.

The aim was to familiarize the parents, 'as partners in progress' with curriculum, rules and regulations of the school and teaching methodologies. Co-scholastic activities were also discussed that gave the parents an idea of the curriculum which is self directed with hands-on learning activities that not only give our students a medium to fully utilize their creative talents and energies, but also help them in their all-round development.

The programme commenced with a warm welcome to the parents followed by various performances by Class IX students including Ganesh Vandana, Shiva Stuti, Poem recital and Skits on holistic development and family ties. Welcoming the new set of parents to the Senior wing, Madam Coordinator addressed the gathering in which she spoke at length about the benefits of effective communication between the teachers & the parents, she laid emphasis on a strong connection with the school patrons and also sought their support and suggestions so that the children could be provided the best for their overall development.

The parents were apprised about the tender age of their wards and peer pressure faced by them. Emphasis was laid on developing social as well as life skills to face day to day challenges.

It was followed by a session taken by the school Counsellor, who guided the parents about various principles involved in the teaching of life skills. Overall it was a fruitful meeting and the parents were in high spirits after attending orientation programme. It also helped the parents in identifying suitable follow up methods to reinforce the learning process of their children.
